

The Saga of the Shifty Space Scout

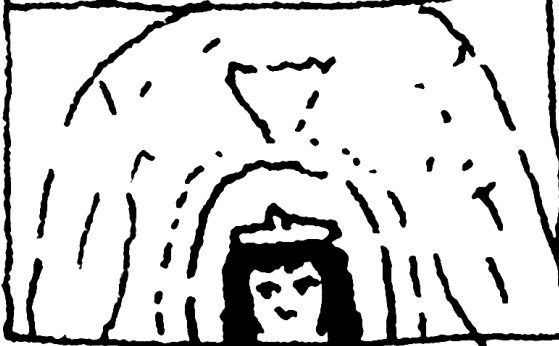

There was once a young space scout who gained her patches through dubious ways

She was stripped of her patches, and was jettisoned.

Her one chance to survive is to get back to the mothership and prove her loyalty

And so, she set out on her journey...

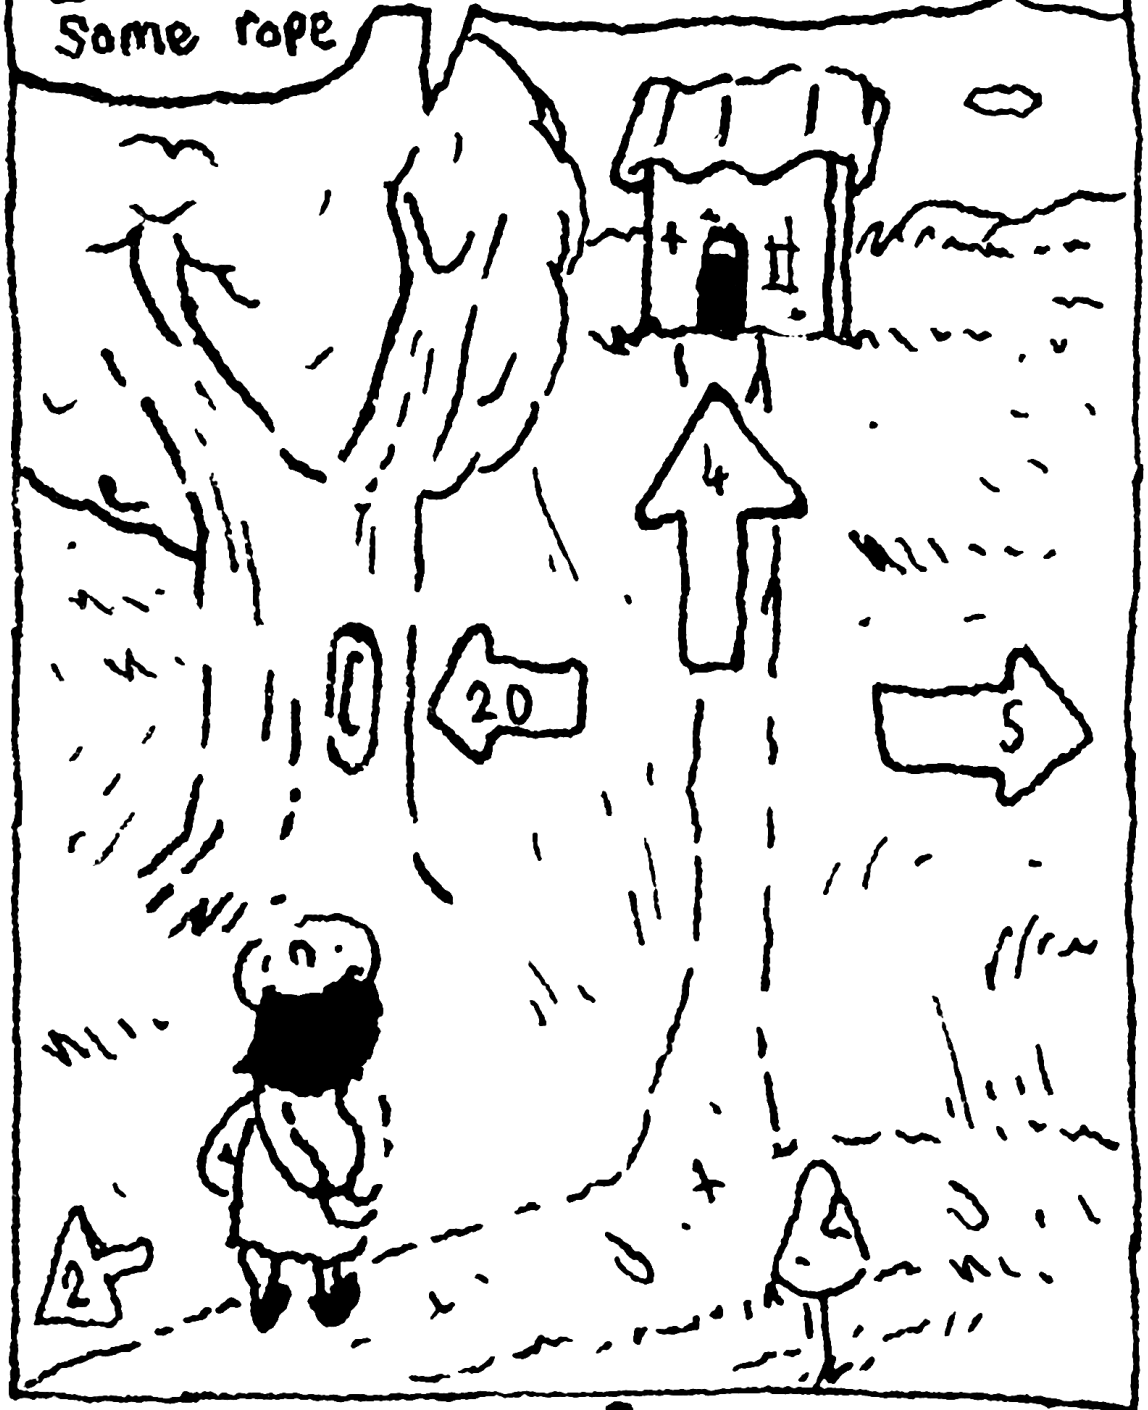

ARRIVAL

Your escape pod has crash landed on an alien planet... and your pod's hyperdrive has broken. You can't leave until you get a new hyperdrive... unless you have one already?
