May 2nd 1873

We are in deep trouble. The sky is getting very dark on this island we call 'Newt'. Our Cities are very poor, and people are dying fast.

Some houses are getting destroyed by the storm. I wish that I was dead.

May 3rd 1873

Even the king of Newt is puzzled.

I was getting very ill and might die. This night I am feeling better.

May 4th 1873

I feel good and the storm has stopped. Me and my crew are going to a new island (I'm a sailor.) its getting windy, will there be another storm?

I hope not!

May 5th 1873

How could god do this to us? We are not cruel!

A big storm has put us on an uncharted island. It is too small to even put a house on!

May 6th 1873

Caspian (shipmate.) and I saw a cave nearby, but since our ship was destroyed we had to swim to it.

It is nearly night time and I am sleepy, so I got to sleep easily.

May 7th 1873

A whole lot of rocks fell on the entrance. That is what woke me up so early this morning.

I quickly woke the others up.

we tried to get out all day.

May 8th 1873

Today I will get out and the smell of seaweed is bugging me.

I've been trying to get out all day, but will I?

May 9th 1873

At last I got out when Caspian saw a tablet.

It said:

It must mean something I said .

I study the walls on the outer cave.

A Monster is eating Our Ship!

It makes a noise:*****and I hate it!

May 11th 1873

We destroyed the monster, (with no sleep!) and ripped Out its heart!
It was disgusting!
We ate the heart for dinner!

May 12th 1873

I feel very sick!
All has gone Badly! Why? Why?

Why?

June 21st 1894

Atlast we have got to A jungle. On newt I should have not been a

Ashes

Smiths master, Phattnott Finn, had been knocked unconscious in the closet three weeks after (the previous).

Somewhere in the tropics a camel as white as snow was walking very very slowly. Jack had gone on holiday leaving 'Smiley' baby-sat by someone called Eyezwim Lotze. This person was always seen in the swimming pool and her mothers name was Atametooh Argyew.

Ages ago when Eyezwim was little she would not get out of the swimming pool when Atametooh started arguing with Eyezwims dad Niko.

"She can stay in the pool" shouter Atametooh.

"No she cant!" said Niko, "she may get sunburnt!"

"There is no sun underwater" shouted Atametooh.

Then Jack returned carrying a rusty tin lunch box with ashes inside.

He sprinkled them in the pool and it immediately became an inferno. BUT....Eyezwim didn't get out! All she did was swim faster and faster and faster and faster and faster and faster andfasterandfasterand fasterand fasterandfasterandfaster AND SO FAST I DON'T EVEN KNOW IT!!!!!!

Eden
by Sergio Cornaga

Chapter one
Stone-Lands

As my old library oh well I was just saw a book that took my interest. It was called 'Eden-Beyond the Heavens'.

As I looked at who the author was it said was no-one I knew and anyway who would know about the gardens of Eden?

I decided to find out. I opened the book then to my surprise it was empty. Then in a swirl of dust I found myself in a ship telling the crew to row hard.

"Yes Master" said a man.

Was I the captain? And then I thought 'if this is the garden of Eden then why are there no trees or plants? This is a ship here. Am I dreaming?

"Captain" says a man, "Ships ahead".

I don't know what I'm supposed to do...so just why am I here?

"Captain" says the man "they're coming closer".

"Load the cannons" I say.

"We don't have any"

"Then just row past" I say.

"Okay"shouts the man then suddenly the ships are gone.

"Land Ahoy" shouts the man.

"Lower the anchor" I shout back.

"Are you mad?" shouts the man "we have to get ashore in the boat".

"But look at those rocks!" I say "We'll DIE!!!"

"Lets just do it" says the man.

As we go in I notice a smallish hole.

"A cave!" I cry.

Then we come to a large nook.

"Lower the anchor" I say.

"Yes Master" says a different man.

Why aren't there any women here I ask myself. Well time to go exploring, I go into the cave. Inside there was a woman only wearing blue lipstick! I knew this was a mermaid.

Chapter two

The Mermaid

The mermaid had already fallen in love with my crew but I ran outside, I could save them at night. When it was night I crept into the mermaids cave. My crew!...they were only wearing blue lipstick! The mermaid had cursed them. Half of my crew were still on my ship, I would have to stop them from entering the cave. I secretly stole the lipstick and put it on one of my crew, then took off his clothes. Now I had a fake merman! When my fake merman woke up he was confused but he found a knife and killed the mermaid. Then all the mermen turned back into themselves.

Chapter three

Edenoxx

While we were sailing I looked at my map. It said 'property of Captain Endor Zan'.

Then suddenly one of my crew rushed in, "It's an Edenoxx!" he shouted.

I went out of my cabin and saw a giant monster.

"Aim a spear in its eye" he shouted.

I did and then the great monster went away. We sailed on and then a tentacle reached out and ate one of my crew. I knew the Edenoxx was back, I got my crew to throw spears at it. We threw fifty spears until it finally sank beneath the sea.

Chapter four

Mebe the ogre

We sailed on till we came to a perfectly nice bushy garden Island. I stayed the night when I woke up two of my crew were gone, I explored the island and found a cave. Inside was a giant, it was Mebe an ogrenotta giant! I ran to it with my crew and stole one of his sheep then ran out. I took many sheep and hid them in the island. Then Mebe woke up. He searched outside, then we ran in and put knives on his chair. When he found them he sat on the knives and died.

Chapter five

The Eels hunger

While we were sailing some of the giant eels attacked us, we lost two more of our crew. I prepared for the fight but I didn't see the eels, then one day the eels came back. We were ready for battle and killed all the eels with my crew. All except one. I knew they would get revenge. I knew it.

Chapter Six

Shipwreck

Two day later our ship was wrecked. Thanks to a friendly nymph I survived, my clothes had fallen apart and I was very bruised when the nymph came along. She took pity on me and gave me a magic cloth to wrap around me so I could breathe underwater. I swam to an island then threw the cloth back to the nymph. Where was I?

Chapter seven

The Mocrose

I found myself on an island with many people without clothes, only wearing vines over their arms, flower chains as hats, and a leaf to cover the space between their legs. They were eating a strange yellow fruit. I decided to join the party. They put the clothes on and I joined the party, I learned that these people were the mocrose. The fruit was called a yonyon. I said goodbye and went on with my adventure.

I didn't need the flower hat or vine, I only needed the leaf.

Chapter eight

Princess Paal'e

I went through bushes of poison berries and sharp woody points till I came to a palace. Princess Paal'e saw my stained skin, got her maidens to wash me and clothe me. Then Princess Paal'e fell in love with me and we got married.

Chapter Nine

Fire!

Then one day....a fire!

I knew it was the great Ionna. They were burning down our palace, only three of us survived: me, Paal'e. and one of the maidens. We fled to sea.

Chapter Ten

The Trangue

When we were sailing eels attacked our ship and Paal'e and I killed them, not one survived but when we had killed them the maiden was gone. Our rafts sailed to a rocky island with some jungle on it. We went on it and I explored the island, I found a rundown hut. A girl with tatty clothes said for me to come in. I did. Then I found out the the leader of the Trangue was a cannibal. I ran for my life and got my shoe caught in a rock. I kept on running, hopped on the raft with Paal'e and left leaving the shoe behind.

Chapter eleven

Not my idea of home

When Paal'e and I got to Greece (where it looks like I live) a great war was going on. Greece v's Rome. I joined the fight with Paal'e taken prisoner by Rome. Then we hatched a plan, we made a giant mother wolf and made a cage in the wolfs belly. Menallus would pack in the armour and food. Other Grecian ships would go out and Menallus would signal the moment. The Roman Wolf had begun.

Chapter twelve

Rome burns

The festival of Rome had begun and I still wasn't beyond the heavens. Then Menallus signalled to us, the ships came to Rome and we opened the gates. The wolf men arrived and captured Paal'e. Then somehow I was on a ship and blown off course to another island.

I have no crew at all. No clothes and no food. I am stuck on this island forever. Hang on, I can see a book!

Chapter thirteen
Beyond the heaven

The book was called 'Atlantis'. I knew this was another adventure. Where was I anyway?

Chapter fourteen
Atlantis

I don't know if this is the future or the past! It's the future! My present day. Suddenly a tribe of green men come running along, my dad is now very old. I met my future self on the road. Its the future.

Chapter fifteen
Tast-Kah

The green men were very scary, even though they were stark naked they were scary. They shouted off their bald heads and said:

"Green men, Green men"

"Have no hair"

"Green men wear no underwear!"

Then I said "I don't like 'Atlantis' 'ere'!"
and just when I said Atlantis I notice i was at a sinking temple.

"Oh no" I shouted

"I wish I was back at the future"

then I was

"Hmmm" I said "This is interesting"

"I want to be 'Beyond the Heavens' "

Then I was . I now know that this has given me the ability to go to the name of any blank books cover.

After about two years I found another book, it was called 'Desert'. It was by Endor Zan. Then I thought that Endor Zan must have the same ability as me.

I opened the book...
